**HONOR CODE - FIRST PROGRAMMING ASSIGNMENT**

*On my honor:*

- *I have not discussed the code in my program with anyone other than my instructor, teammate or the teaching assistants assigned to this course.*
- *I have not used Java language code obtained from another student, the Internet, or any other unauthorized source, either modified or unmodified.*
- *If any Java language code or documentation used in my program was obtained from an authorized source, such as a textbook or course notes, that has been clearly noted with a proper citation in the comments of my program.*
- *I have not designed this program in such a way as to defeat or interfere with the normal testing of the code.*
